Maruti Mineral Industries

ISO 9001:2008

Symbol of Quality Since 1990

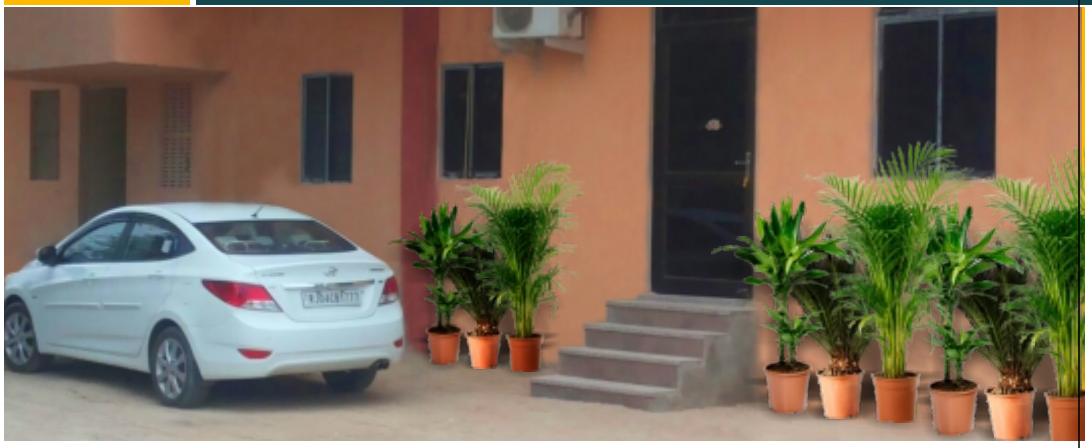

Product Catalogue

Diatomaceous Earth

(Kieselguhr / Reactive silica)

Company Profile

ABOUT PRODUCT:

Diatomaceous earth, also known as diatomite, kieselguhr and Celite, is a naturally occurring, soft, chalk like, sedimentary rock mineral that is easily crumbled into a fine white to off-shite powder. This powder has an abrasive feeling similar to pumice powder and is very light-weight due to its high porosity. It is made primarily of silica and consists of fossilized remains of diatoms, a type of hard-shelled algae. It is used as a filtration aid, as a mild abrasive, as a mechanical insecticide, as an absorbent for liquids, as cat liter, and as a component of dynamite.

ABOUT US :

Maruti Mineral Industries is India's leading Mining, Processing and Manufacturing company Since 1990, having mineral mining lease and well laid out processing, pulverizing, activation and other activities, necessary to fulfill the requirements of the leading buyers of our production in India and middle East.

Our mostly unit and mines are situated in Barmer (Rajasthan) which having rich Diatomaceous earth deposited, well connected by rail and Road (NH-15) leading to Mundara, Kandla port in Gujarat.

Our Manufacturing Units are also situated at Jalipa Near Harsani Fata in Barmer (Rajasthan), which well connected by Rail and Road (NH-15) leading to Mundara Kandla sea port in Gujarat. All mines of diatomaceous earth situated within 70 to 100 km from our manufacturing unit and also well connected from NH-15.

Vision : Environment Sustainable manufacturing and mining . We are not just limited to manufacturing, mining and supply. Our ranges of integrated business activities provides integrated service experience to our clients.

Mission : To provide best in class service, dependable supply of quality mineral during critical hours, and become one-stop integrated destination for quality minerals.

SENIOR MANAGEMENT & BOARD

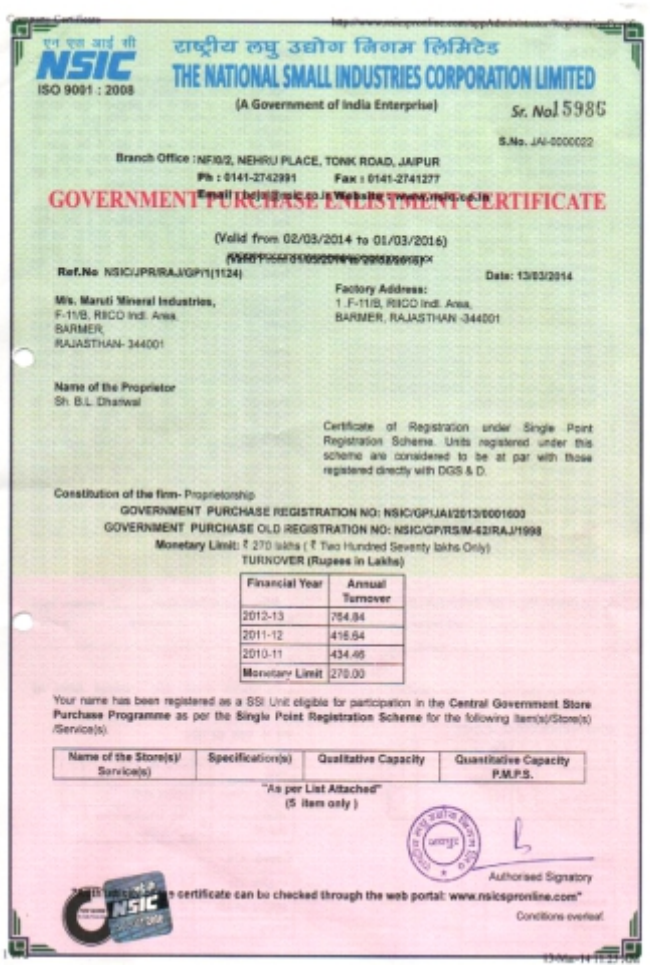

Mr. B L Dhariwal (Founder / CEO) : Mr. Dhariwal brings nearly three decades of business acumen and experience in mining industry. He provides strategic direction to the business and forerunner in strategic business decisions. The growth of our company is attributed by his mind full decisions and responsiveness to quality service.

Mr. Manoj Dhariwal (Operational Head / General Manager) : Mr. Dhariwal is second in command and is operational head of all the activities of the firm. He is responsible for carrying out the directives of the CEO in right earnest. He is the person to be contacted for all the enquires.

Mr. Sanjeev Kumar Dhariwal (Manager / Procurement / Production) : Mr. Sanjeev Dhariwal head of all the mineral activities of the mines, in plant, quality control, testing and making the product as per specification.

Business Activities

GOVERNMENT POLICY

The industrial friendly policy of Govt. of Rajasthan and well laid out approval and licensing process are geared towards sustainable growth.

MINERAL TREATMENT

Our facilities includes systems and process to meet range of mineral with chemical treatment as per customer's specification and satisfaction such as cash hardening, Nitrating, Quenching.

QUALITY TESTING

We have well equipped with in-house testing laboratory to ensure that every supply lot is well tested and passes through set quality benchmarks.

RESEARCH & DEVELOPMENT

Our Dedicated R&D unit researches on treatment process, process improvements, and new product development to meet challenging industrial demands of future.

FACILITIES

We are resourced with a well-equipped Research and Development Department that ensures the quality and performance of our mineral powder. At our in-house testing laboratory, our products are tested for their quality at every single level of manufacturing before they are dispatched to the clients. This unit works efficiently to bring in new developments in the products. Our facilities also include systems and process to meet range of mineral with chemical treatment as per specification provided by customers; especially the specifications such as cash hardening, nitrating, quenching etc.

We have approximately 30,000 sqmt land space at our manufacturing plant for drying the material from sun rays.

TEAM

We have employed a team of experts that includes managers, technicians, workers etc. They are known for their dedication and expertise in their domain. All the testing takes place under their supervision that assures the superior quality of our products.

Fact Sheet

BUSINESS	:	MINING & PROCESSING OF, Diatomarceous Earth Powder, Granules & other allied product.
CAPACITY	:	4500 Tons Per Month Diatomaceous Earth Powder
LAND & BUILDING	:	Total Area 35000 Sq.Mt. Total Covered Area 5500 Sq.Mt. Adm. Block & Lab 500 Sq.Mt. Production 1500 Sq.Mt Labour Quarter 500 Sq.Mt. Area For Expansion 27000 Sq.Mt.
Year of Establishment	:	1990
SSI / MSME REG.NO.	:	08171100183

ISO Certify	:	ISO 9001:2008
Financially Strength	:	Annual Turn-over 25 Cr.

PRODUCTION

We are mines owner, mineral processor and mineral powder manufacture of SILICIOUSE EARTH (DIATOMACEOUS EARTH OR DIOTOMITE OR KIESELGUHR OR KIESELGUR AND CELITE). All raw materials essentially tested before processing for categorization. We have 13 Grinding cum processing plants with in built drying system (11 Pulveriser of 32" and 2 Roller Mills of 3 Roller) having production capacity of 6000 to 7500 ton per month. We are Specially Processing various allied products based on diatomaceous earth powder minerals. Our is a Technocrat Enterprise & complete Indigenous plant.

Fact Sheet

QUALITY ASSURANCE and R & D:

Our Laboratory is well equipped to test of Diatomaceous Earth and other clay products as per IS procedure. Our R & D is constantly working on mineral value added products specially Zeolite, Filter Aid, Absorbent, Catalyst etc. A part from regular testing, our R & D project is also associated with CSIR'S different institutes.

MAN POWER : Total 80-100
POWER : Total 1025 HP

CREDENTIALS

Quality, consistency and timely delivery is main object of company and by achieving this performance since last 20 years of production. We are supplying our product to India's Leading public and Private sector organizations.
